Long Beach Unified Teams Up with Covered California

The Patient Protection and Affordable Care Act (ACA), passed by Congress in 2010, aims to increase the number of Americans with health insurance and cut the cost of health care. The ACA helps individuals pay for health coverage by offering financial assistance and a competitive marketplace for health insurance.

Covered California is California’s online marketplace.

Covered California is made up of insurance companies that will compete for your business. It’s the only place where those eligible can get financial help from the federal government for health coverage.

The 2015 Open Enrollment Period is here.

Open Enrollment runs from November 15 to February 15, 2015. Sign up for coverage, including Medi-Cal.

LBUSD is a certified enrollment entity for Covered California.
