Pre-College Programs

In collaboration with the Department of Computer Science

Viterbi Summer Engineering Camp
July 18 to July 29, 2016

Do you like science? Do you want to create a video game? Do you want to build a rocket? Do you want to learn about different engineering fields?

Student Eligibility:

- Current 5th, 6th or 7th grade
- Educationally or economically disadvantaged
- At least a B average in science and math classes
- Must attend both weeks of camp

Students will explore computer science through the CS@SC programming summer camp (http://summercamps.usc.edu) during the first week by learning to create video games and write apps. During the second week, students will explore aerospace, electrical, civil and mechanical engineering with hands-on activities such as rockets, circuits, bridges and robots.

This camp is FREE. Lunch will be provided each day of the camp. The camp runs from 8:00am to 3:00pm Monday to Friday the first week and from 8:00am to 4:00pm Monday to Friday the second week.

More information, the online application and forms can be found at:

www.usc-mesa.org (click on “Summer Engineering”)

In addition to the online application, the attached School Records Request Form must be submitted to your school and the Teacher Recommendation Form given to your current math or science teacher. All application materials must be received by May 16.
